

Get started now to accept online orders from Google® search results with **The Ordering.app**

We've partnered with Google to bring you an effective online ordering solution that gives you access to billions of customers searching for businesses like yours on Google Search or Google Maps. Customers who discover you in Google search results can click on your business profile page to place an online order. Clover takes it from there.

Quick, easy, and convenient

No more waiting in line for your customers ... they simply order online, pre-pay, and pick up at their convenience.

Easy to set up and get started

The Ordering.app creates a branded online ordering page that syncs with your Clover menu, allowing you to maximize the value of your brand.

With Clover, you have peace of mind

Online orders and payments are processed securely through the Clover system you know and trust.

New customers. New orders. More revenue.

You can look forward to a boost in your business with an inflow of new customers.

How to get started

- Verify your menu for online orders on the Clover Dashboard
- Confirm your business and operational information
- Let your customers know you're open for business online!
- Optimize your incoming online orders by signing up for Clover online ordering services too
